# SOFTWARE SELECTION

## Software Selection Process

Gallery Blogger Templates are specially Designed with Portfolio Style and grid styling design with more than 2 or more columns. Where you can show your post or photos as a gallery image type. Basically if you want to create a blog that will include multiple sections to have multiple elements, then this is an ideal choice for you. You can choose between 3 columns, 4 columns, 5 columns or even more. These type of templates helps you show your blog content in a grid style so that you can manage more content in less space. Gallery styled blogger themes are most efficient and ideal to start blogs for a niche like a portfolio, product display, app showcase, news, photo gallery, product collection, personal or business websites and many more. Loaded with multiple elements and various widget options these types of themes are fully packed and have an appealing design, which catches visitor's attractions. Based on the latest updated coding structure like html5 and css3, these themes are fully responsive and highly optimized for best SEO performance, which lets you achieve a higher ranking on different search engines. In spite of having many elements and sections, these themes still manage to achieve great loading speed, that means you don't have to worry if your visitor has slow internet or smaller device, because it will load in no time, also some of the themes have a pre-loader effect, which will make your site visible after complete loading, that looks professional and stylish at the same time. These themes are nicely designed to deliver high-quality performance and amazing user experience, most of the themes carry perfect typographic style, which will make your blog content pages more appealing and easy to read. These themes are made by some of the best blogger template designers available on the internet, crafted with perfection each and every theme fulfills every requirement of having a modern-day website. Here at GooyabiTemplate, we have published different types of gallery blogger themes, with functions like responsive ready, SEO ready, fast loading, widgets ready, ads ready and many more. These themes are perfect to create a professional-looking website in no time with minimum efforts. You can check out our site for some of the amazing looking Gallery Blogspot Templates below.
